Bury Me in Pink Gandhi's Appeal The King's Maxim If War Did Come

Woman's interest in dress, strong and deep, goes back a million years. She started with a necklace, according to scientists. First an ornament around the neck, then one around the waist, then a skirt and all sorts of things.

A woman in California who murdered a man and killed herself asked to be buried in white satin with yellow roses in her hand.

A well-known actress in New York jumps from a twentieth-story window and makes two requests: first, that she be buried in pink satin; second, that her husband keep away from the funeral.

Beautiful in sincerity and humility is Gandhi's appeal to the British government. "On bended knees, I ask you to ponder this phenomenon," namely, the "improvement of India's 450 million" by Britain.

Gandhi says, "I do not intend to kill a single Englishman." He will only resist passively.

Very touching, but not the attitude that gains independence, not the attitude of a people ready for independence.

Britain set a different example before the Hindus after the Sepoy rebellion.

The British put murderous rebels inside of cannon and blew them to pieces, knowing that religious superstition would make the punishment most horrible.

No rebellion of consequence since then.

One industry marches on to higher and higher figures. In the cigarette business, prosperity reigns. Everybody always has money to buy cigarettes.

When employment is lacking there is leisure to smoke more cigarettes, and all feel that they must have them, job or no job.

Last year's production was one hundred and nineteen billion cigarettes, almost a thousand cigarettes per year for every man, woman and child in the United States.

One thing most important to all business men in connection with the cigarette industry: Cigarette men are the most aggressive, energetic and continuous advertisers in the nation.

The Standard Oil Company of New Jersey sets an example to other oil concerns, voluntarily reducing its refinery operations by one-seventh.

Refining is a continuous process, and must continue seven days a week, but only six days' actual work will be done to prevent overproduction.

And most important part of the good example, men will not be discharged or have their wages cut.

An English clergyman reveals King George's six maxims, all hung up on the walls of his library.

The first is: "Teach me to be obedient to the rules of the game."

Excellent for a constitutional monarch, obeying the will of his people.

Rulers of a different kind, Alexander, Caesar, Napoleon, had a different maxim: "See that you obey the rules of the game as I make them."

We do not understand management of prisons, or our criminals are different from other criminals.

Weeks ago, Warden Hoffman of Auburn prison, New York, told a reporter: "We are sitting on a powder keg."

Recently, a convict stabbed the head keeper of the prison to death. He knew that the electric chair, nearby, would inevitably avenge that murder. Nevertheless, he committed it.

General Ely, commanding the second corps area, has a plan to defend New York city in war.

He would "mobilize the civilian services."

If modern war came the civilian services would mobilize themselves. And with them the six million population of New York, as many as survived the first gas and bomb attack would mobilize themselves by scattering through the country, abandoning the city as rats leave a ship when it is sinking.

In case of an attack by airplane, which would be the first sort of attack in a new war, it would not be necessary for General Ely to worry about his suggestion for "guarding the water supply."

After the first half hour, there wouldn't be anybody left in New York to drink water. The dead couldn't drink it and all the living would have left the city.

An encouraging statement comes from Mr. Edsel B. Ford, now in Florida. He is one who talks rarely, and wisely first. President of the Ford company, knowing the sales from day to day, possessing sound information about business conditions, he predicts steady improvement in business, particularly in industrial lines.

Grayling-McBain Are Tournament Champions

WEST BRANCH AND HILLMAN RUNNERS-UP. RECORD-BREAKING CROWDS WITNESS GAMES.

Keen interest in basketball, loyalty of fans to follow their home teams and fine weather contributed greatly to the record-breaking attendance at the 32d District State basketball tournament held in Grayling gymnasium March 6, 7 and 8. The receipts for admittance amounted to \$1,050 for the three afternoons and evenings. More than 1000 people witnessed the games Friday night. The final games of Saturday night took the attendance huge.

Some of the teams and their coaches arrived the day before the opening of the tournament in order to get some practice on the local court. It was a fine lot of young men who were really guests of the citizens of Grayling during the tournament—boys just like our own home players, and it was indeed an inspiration to see them. All trained athletes, here to test their metal against the players from other schools. It was indeed a privilege to have them as guests. Everywhere welcome signs were hung out to greet them and the cordiality between the people of Grayling and the players was of the warmest. Many of these boys have been coming here for a number of years and there were many warm friendships that were renewed during those days.

C. A. Potter of Mt. Pleasant and Roy O. Milnes of Grayling handled the games as referees and thus far we have heard no criticism of the way they handled them. They kept the games fast and peppy and at all times seemed to be certain of their positions in rendering decisions.

Fred Alexander acted as timekeeper and Gerald Poor kept the score. It was no small task for these officials but they were faithful to the last and deserve the thanks of the management, players and the public for the service they rendered.

The tournament was managed by M. A. Bates, Emil Kraus and T. P. Peterson, all members of the school board. It was a big job and required a lot of hard work to plan out the details and see to it that everything was in readiness at the right time and that there were no hitches. They worked hard even before the tournament opened and continued for several days after its close. They did everything possible for the pleasure of the contestants and for the public. Attractive and convenient programs were provided by some of the citizens of Grayling and no doubt many of these with their records will be preserved by players and fans for many years to come.

Official Report.
The Avalanche is indebted to Gerald Poor for the following splendid official report of the tournament:

Hillman-St. Joseph.
In first game Hillman turned in a victory over St. Joseph, of West Branch, by a score of 24 to 18. The winners played a steady game and fought off every challenge of their bigger and rangier opponents, after being on the short end of things at the end of the first period. They spurred in the second stanza and drew ahead at half time on a safe margin of seven points which they held throughout the rest of the battle. The winners' floor-play centered around the bespectacled O'Farrell.

Comins Falls Hard.
Houghton Lake steam-rollered Comins, 38 to 2, in a class D game. The winners had no trouble in piling up the overwhelming majority, Comins showing little co-ordination or ability to cope with their more experienced opponents. They were limited to a pair of foul shots.

Vanderbilt Crushed.
McBain treated Vanderbilt to an avalanche and buried the opposition under a score of 61 to 4. The game was too far from a contest to be interesting. The McBain team passed and shot like champions and never let up for a moment, in spite of the fact that the substitutions in their lineup were numerous.

St. Mary's-Mio.
St. Mary's of Gaylord patted Mio a stiff jolt that left them on the short end of a 32-12 score. The game was featureless and St. Mary's won without a lot of trouble.

St. Joseph of West Branch, took an uninteresting game from Comins in the first round of Class D consolation Friday afternoon by a count of 54-8.

Mio subdued Vanderbilt by a score of 15 to 10, in a Class D consolation game. The game was hard fought all the way and was only settled in the last period when the Mio team crashed through to victory. The Vanderbilt five held an early advantage which they fought hard to protect from the rushes of their heavy opposition.

Houghton Lake and Hillman staged a spirited battle which settled who should go into the Class D finals and meet the winner of the St. Marys and McBain game. Hillman won by a margin of 13 and 10, staying off disaster through cool floor work and the very important leadership of O'Farrell.

McBain won its way into the Class D finals by a thrilling 15 to 12 victory over St. Marys of Gaylord. The game was not only hard fought all the way through but packed with thrills for every moment. It went close for three tough periods that ended with the count knotted at eleven all and wound up in eight minutes of furious mulling which netted McBain two clean baskets from difficult chances and gave the losers only a gift shot.

The game was the best played in District 32 up to that time. The Gaylord team went through with but three persons while their opposition erred ten times to the great benefit of St. Marys who could not have stayed in the running without the gift shots. McBain sank seven shots from the field to three for the parochials.

In the first Class C game of the tournament Grayling Jolted Lake City a stiff 27 and 9 decision. Except for the first quarter which ended 4-2 for Grayling the Northern Lights had no trouble at all and the tally mounted without interruption.

Gaylord played Grayling Saturday night in the Class C finals by virtue of a victory over West Branch which they achieved by the narrow margin of 8 and 12.

West Branch-Lake City
West Branch closed its season with a win and a record of sixteen victories and a pair of defeats. They just managed to bump off Lake City and win the Class C consolation title by a narrow margin of one point—17-18.

It was a nice ball game, and honors were about even. Lake City led 6-4 at the quarter, trailed 10-8 at the half, jumped into an 11-13 lead at the third quarter and almost had the game safely stowed away, only to see it go glimmering in the last thirty seconds. With a minute and ten seconds to play Lake City was given a free throw. As Erickson toed the line his team was a point behind. He shot and missed, only to follow through and sink a beautiful basket that gave Lake City a point lead. They held it so long that there was no time to score again when West Branch went ahead on a shot by Smith from under the hoop.

Lake City deserved to win. They were very prodigal with their chances and played looser ball than their conquerors. They counted twice more from the field, but saw West Branch even it up at the free throw line, for Lake City fouled oftener. West Branch won because they counted their tallies when they had the chance and because they dropped in eight free chances out of eleven.

McBain-Hillman
McBain copped the Class D championship of district 32 by taking the measure of Hillman by a count of 18-8. The McBain team did not show to the same advantage that it did in its semifinal victory over St. Marys, but turned on the offense in the last half to carry through to a victory. Hillman fought a good fight and made the game interesting clear through.

The first half produced most of the thrills. Hillman shot its bolt in that portion of the game and then gave way to the superior play of the winners. The first quarter was a deadlock at three all and McBain had the long end of a 6-8 score at the end of the second period. In the second half

Mrs. Stannard and Paddy Burke Arrested for Arson

For several days past Deputy State Fire Marshall McKenna and Sheriff Bohennmeyer have been busy investigating the recent fire of the Sarah McKay estate, now occupied by Mrs. Annette Stannard. This forenoon he placed under arrest Mrs. Annette Stannard and Paddy Burke, both implicated in setting fire to the place, probably for the purpose of collecting the insurance thereon.

Prosecuting Attorney Nellist says that Mrs. Stannard has made a confession which implicates Mr. Burke with having done the firing. Both are in jail at this time.

JOHN KELLOGG GOES TO MEXICO

John Kellogg, son of J. E. Kellogg of Lovells, left last Sunday night for Mexico where he will be employed by the U. S. Graphite Co., for the next two or three years. His brother Carl is also employed by this company at the present time.

A farewell party was given in his honor Saturday night which was a pleasant surprise to him. Fifty-two friends gathered to wish him success in his new venture. Cards and dancing formed the pastime of the evening. At a late hour a good old farmers' lunch was served to which all did justice.

The guests departed after leaving with Mr. Kellogg the very best of wishes to start him on his way to his new home.

MISS FEDORA MONTOUR AND LIPMAN LANDSBERG MARRIED

Simplicity marked the wedding of Miss Fedora Montour and Mr. Lipman Landsberg, that took place at Ann Arbor Tuesday evening of last week. Rev. Fr. Lynch performed the ceremony in the rectory of St. Thomas' church in that city, and the young couple were attended by Miss Margarette Montour, sister of the bride as bridesmaid, and Mr. Marcus Rodon of Inkster as bestman. The bride was charming in her gown of orchid silk crepe with which she wore a cream lace hat and corsage of orchids and lilies of the valley. The bridesmaid's dress was flowered silk crepe.

Following the ceremony Mr. and Mrs. Ben Landsberg gave a reception of elaborate appointments, to about sixty guests at Westwood Inn, Inkster to honor the bride and groom.

After a few days honeymooning in Detroit, Mr. and Mrs. Landsberg came to Grayling last Sunday and were guests of the bride's parents, Mr. and Mrs. David Montour until Tuesday and were again feasted, a lovely wedding dinner being served at 3:00 o'clock Sunday afternoon. The color scheme, pink and pea green, was tastefully carried out with a wedding cake for a centerpiece.

The wedding of this young couple is the culmination of a romance that began during their school days in Grayling High School. Both are graduates of the class of '24 and the bride is also a graduate of Mercy Hospital training school for nurses. Mr. Landsberg during his high school years was a member of the high school basketball team. He is the son of Mr. and Mrs. Max Landsberg of Inkster, former residents of Grayling.

The young couple will reside in Ann Arbor for the present, and have the best wishes of their hosts of friends for a long and happy wedded life.

IN APPRECIATION
We wish to thank our friends and neighbors who so kindly looked after our interests during the fire that destroyed our home last Saturday evening. We appreciate their kindness.

Mr. and Mrs. James W. Perkins.

MASONIC BANQUET TONIGHT

Rev. Carlton Brooks-Miller Will Be Principal Speaker

One of the largest crowds ever gathered together for such an occasion in Grayling is expected tonight at the big Masonic rally at which the Rev. Carlton Brooks-Miller will impart an impressive message. Rev. Miller is not a stranger at Masonic gatherings. He is always greeted enthusiastically for the audiences thru-out Michigan and Ohio have heard him often and are well pleased with him. He is an overseas man and is known as "The Flying Parson," flying his ship at times as he holds his pilot's license. He is a traveler and with his ready and eloquent manner of speech provides an instructive as well as a pleasant evening. Masons from all over this part of Michigan will be in attendance.

The Eastern Star ladies will serve the banquet. It will be held in the Michelson Memorial church parlors as their own dining room will be much too small to accommodate the crowd that will be here tonight.

Everything is in readiness and a wonderful time can be expected by those who will be here. The menu is as follows:

Fruit Cocktail
Roast Pork
Mashed Potatoes
Mashed Rutabagas
Pickles
White and Rye Bread
Date Torte
Whipped Cream
Coffee

The banquet room will be artistically decorated in pink and green and vases of flowers will grace the tables. The decorations will be in charge of Mrs. Leo Jorgenson.

ENTERTAIN WITH EVENING BRIDGE PARTY
Dr. and Mrs. R. B. Howard entertained Tuesday evening with a very pleasant bridge party for sixteen of their friends at their apartment. St. Patrick's decorations were used by the hosts.

Guests included Dr. and Mrs. C. G. Clippert, Mr. and Mrs. Roy Milnes, Mr. and Mrs. Marius Hanson, Mr. and Mrs. Lorane Sparkes, Mr. and Mrs. A. J. Joseph, Mr. and Mrs. O. P. Schumann, Holger Hanson and Mrs. J. H. Howard of Louisville, Ky. Prizes were won by Mrs. A. J. Joseph, Mrs. Oscar Schumann and Dr. C. G. Clippert.

MRS. FRANK BARKER, FLINT, PASSED AWAY

Former Grayling Lady Bro't Here For Burial

Mrs. Frank Barker, who, before her marriage was Miss Elsie Mortenson, a daughter of Mr. and Mrs. Andrew Mortenson of Beaver Creek, died at her home in Flint March 4th. She was 35 years of age.

For several years she had been a victim of diabetes, and immediate cause of death was jaundice. Her husband and mother, Mrs. Carrie Mortenson of Beaver Creek were with her at the time of her death.

Mrs. Elsie Mortenson Barker was born in Grayling, August 1, 1894, the daughter of Mr. and Mrs. Andrew Mortenson, and died March 4, 1930.

On May 8, 1917, she was married at Flint, Michigan, to Mr. Frank W. Barker, at which place they have since made their home.

Mrs. Barker had been ill for three years and during this time was never known to complain but was a patient sufferer until the end.

She leaves to mourn her going the following relatives, her husband, Frank W. Barker; mother, Mrs. Carrie Mortenson of Beaver Creek, one sister, Miss Lillian Mortenson Flint; two brothers, Clarence Mortenson of Flint, and Hjalmar of Grayling; one niece, Gloria June Mortenson and a cousin, Peter Mortenson, of Flint.

The remains were bro't to Grayling for burial. Services were held in Michelson Memorial church Friday afternoon, Rev. Greenwood officiating. Interment was in Elmwood cemetery beside the remains of her father. The pallbearers were former schoolmates of Mrs. Barker at Beaver Creek and were as follows: Axel Christenson, Otto Failing, Charles Hatch, Homer Annis, Loren Moon and George Skingley.

Those from out of the city present at the funeral were the husband, Frank Barker and sister, Lillian Mortenson, Flint; mother, Mrs. Carrie Mortenson and brother Hjalmar, Beaver Creek; Mr. and Mrs. Clarence Mortenson and daughter Gloria June, Axel Christenson and son Edward and Mr. and Mrs. Peter Mortenson, Flint; Mr. and Mrs. Charles Hatch, Mr. Morris and Miss Edna Taylor, Detroit.

WOMAN'S CLUB NOTES
Books, the best of this year's quota, formed the basis of a diverting program at Monday's meeting of the Woman's Club. The two reports around which the discussion turned were, a book review of Freeman's, "Joseph and His Brethren," given by Miss Louisa Sibley and introductory comments to "Five Books Worth Reading," presented by Miss Ione Arnold.

The main topic of interest at the business meeting was the report of the Civic committee headed by Mrs. Daisy Barnett, the hostess.

GOODFELLOWSHIP CLUB NOTES
The regular meeting of the Good-fellowship Club was held with Mrs. Chas. Tremble. After the business session which was conducted by Mrs. C. G. Clippert the club listened to a very interesting paper on the "World Court," read by Mrs. Lorane Sparkes. Meeting adjourned.

BLAMING FARMER FOR DAIRY SLUMP DECLARED UNFAIR

WATERTOWN, WIS.—Claims that butter prices have slumped because farmers are eating substitutes are an unjust indictment against the dairy farmer and are in fact, rather than aiding the dairy industry, State Senator John C. Schuman of Watertown declared in a statement issued here.

"The inference of these assertions which purport to explain why American butter is confronted with a 38,000,000 pound butter surplus," said Senator Schuman, "is that dairy farmers are ruining their own business."

"The interests inspiring these statements throughout the dairying sections are attempting to convince the public that butter is the only dairy product suffering from surplus. This is far from the real facts. All dairy products including fluid milk and cream are below normal market value to the farmer."

"There was an increased surplus of 90,000,000 pounds of evaporated and condensed milk in storage at the beginning of 1930 over the previous year. Powdered milk showed an added surplus of 8,331,807. The dairy market division of the Bureau of Agricultural Economics reported recently that the average price of cheese in 1929 was the lowest since 1923. If the accusation that farmers caused the butter surplus is true, then they could be equally blamed for the surplus of all these products."

"It is probable that all these accusations are in reality based on information secured from butter people who are naturally not interested in the farmer's welfare or earning power, but solely in the margin of profit they themselves obtain. That is why, when a butter surplus confronts them, they blame the farmer for eating substitutes."

"It has been an immemorial pastime to blame the farmer for all the difficulties of agriculture. When he understands that the real facts are being suppressed, his awakening will be an unpleasant experience to those who are throwing dust in his eyes."

WONDER CAVERN IS LURE TO TOURISTS

COBLESKILL, N. Y.—If Rip Van Winkle had taken his little snooze in the Hudson highlands lately, instead of during the Revolution, he would have had real reason to rub his eyes on awakening.

Man has lately been prodding at nature in Mythen Van Winkle's old neighborhood, unearthing secrets at which Rip could only make guesses. What would Rip think, for instance, of electric elevators, descending through a concrete shaft, 156 feet into the earth, into underground chambers where a myriad of electric lights play on the miles of stalactites and stalagmites?

This is the engineering feat recently completed for the pleasure of motor-tourists at Howe Caverns here. It is not inconceivable that Rip himself may have scrambled over the cavern's rocky roof in his eagerness to get out of earshot of Dame Van Winkle's tongue. But existence of the cavern, regarded by geologists as a twin-wonder to Niagara Falls, did not become known to the white man in his lifetime.

Howe Caverns remained unexplored until recently because of its extreme inaccessibility. Increase of motor-travel in the neighborhood, has led to the construction of roads which place the entrance to the caverns on the main highway (Schoharie Trail, New York State Route 7), forty miles west of Albany and thirty miles southwest of Schenectady.

STOCK MARKET CRASH BOOSTS BOOK SALES

NEW YORK.—Far from injuring the book business, the recent doings in Wall Street are an actual stimulus to book sales.

"The business of making and marketing literature thrives on upsets and catastrophes which jolt men's minds into new lines of thought," according to Harry L. Hollingsworth, professor of psychology at Barnard College, Columbia University, and contributing editor of the World Book Encyclopedia.

Prof. Hollingsworth explained that he reached this deduction, not only from consideration of the present situation, but of the reaction of the public mind to the panic of 1907 and the years of post-war disillusionment. "History and human nature are repeating themselves today. The demand, however, is not for the diversion of fiction, New York dealers say, but for substantial works of reference of the World Book type. Biographies and scientific volumes also show gains. In time of uncertainty, people want the sort of reading they can 'sink their teeth into.'"

GREAT NORTHERN PIKE EAT BASS

One Great Northern pike, caught in Houghton Lake had 90 small bass and bluegills in its stomach.

The Fish Division of the Department of Conservation has received from Dr. Frank Alger of Ithaca a report of a pike speared in Houghton Lake during February. With the head of the pike, Dr. Alger sent 68 small bass and bluegills found in the stomach. About two dozen additional small fish had been partly digested.

CAME IN HANDY

"Do you think a mud-pick is any good?"
"Well, it saved me the other day at Doctor Jones'."
"Why, how was that?"
"My husband didn't recognize me."

HIS BIG PARTY

"He says he's going to hold a big party tonight."
"He's probably telling the truth—she weighs two hundred pounds."

BIG OBJECTION

She—Me? Marry an efficiency expert? Never! He'd insist on living within our means.

HORIZON-LIKE

"You don't like her, because she's like the horizon, eh? How's that?"
"She always recedes as you approach."

HE RANG IN

Sister—Well, what luck did you have with the latest belle?
Brother—Oh, I succeeded in ringing in.

HE'D GET THE CHANCE

He—I'd meet the most terrible danger, sweetheart, to make you mine!
She—You'll have a chance to when you meet mother, dear.

NAVY WILL TAKE EIGHTEEN IN MARCH

The Navy Recruiting Station, Detroit, has been authorized to accept eighteen men from Michigan and northern Ohio, for enlistment in the naval service during the month of March. Those accepted will be selected from applicants by an elimination system which includes both physical and mental tests.

ABSENT MINDED

"Jack is awfully absent minded."
"How so?"
"He scratched his wife and kissed a match the other night."

MADE OF ICE

"How much did your dad make in the ice business?"
"A cool million."

EASY TO FIND

He—Could you direct me to a good eating place?
She—Sure. I'll go with you.

GOBS OF 'EM

"Did you ever love a sailor?"
"Yea, gobs of 'em."

DOUBLE CROSSED

He—What was wrong in putting those two X's at the end of my letters?
She—That's double crossing me.

TERRIBLE DOINGS

Benoni Turtle—I think those green tights are disgusting. Those frogs should be compelled to wear bathing suits!

EXPEDITE MAIL FOR U. S. FLEET

Navy Recruiting Station, Detroit: Arrangements for handling the mail of the U. S. Fleet, during its sojourn in tropical waters has been made with the New York Post Office, to insure its prompt delivery. As some five or six mail steamers ply between New York and Panama each week, the arrangement makes certain that mail for men of the fleet will lose no time in delivery.

Konjola Put Saginaw Man Back to Work

Victim of Several Ills He Thought He Never Would See Another Well Day

MR. JOHN GUTHRIE

Konjola, master medicine for the stomach, liver, kidneys, and bowels, and for rheumatism, neuritis and nervousness, is not designed to give mere temporary relief. Its goal is new and glorious health. Read the words of Mr. John Guthrie, 133 South Oakley street, Saginaw.

"Konjola put me back to work. I had stomach trouble so bad that many a time on my way to work I had to sit down until the attack of pain passed. My kidneys gave me trouble, too, and I was bothered with night-risings. Then neuritis developed in my shoulder and left arm. Finally I had to give up work altogether."

I read an endorsement of Konjola by a man I knew, and I talked with him about this new medicine. He urged me to try it. He said Konjola was what I needed. Well, it certainly was just that, for after the third bottle I was able to go back to work. I took in eight bottles, and am feeling fine in every way, and a different man in disposition and health."

Konjola is sold in Grayling at the Mac & Gidley drug store and by all the best druggists in all towns throughout this entire section.

The Care of Your Money

THE TREND OF INTEREST RATES

Every investor is interested in the trend of interest rates for the amount of his income is determined by the interest he is able to receive on his investments. When money becomes scarce the man who would borrow money must pay a high price for the use of it, while the man who can lend money in hand can secure a high interest for doing so.

Thus when money is scarce or in keen demand as in the case of a war, interest rates advance. With the return to prosperity when the country is again flooded with money, actually needs for daily living surplus wealth accumulates, money becomes plentiful, and interest rates decline.

Three per cent was quite a usual return on a good investment in this country in 1900. Great Britain once reached a stage when little more than 2 per cent could be obtained on safe bonds.

History shows a decline in interest rates after every great war. With the World War the demand for money was great and interest rates advanced. In the difficult period immediately following—a time of depression and readjustment—the demand returned to normal, with the increasing surplus of wealth over and above that needed for daily living, interest rates have declined. In 1921 the current income of the people of the United States was \$82,700,000,000. In 1927 this income had risen to \$122,715,000,000. In 1921 it was possible to obtain 7 per cent interest on a high grade investment. Today 4 1/2 per cent are considered very good returns on similar investments.

Roger Babson, the eminent statistician, and Straus Brothers Investment Institute predict that the gradual decline in commodity prices and interest rates has not yet run its course—that the interest obtainable with safety today will not be obtainable in the near future, because interest rates will have declined further.

It behooves the investor today to take advantage of present opportunities for land investment, while interest rates are still a very fair return on invested funds. He can do so by choosing lands of as long maturity as possible so as to secure for himself the present interest return for as long a period as possible.

Since returning from two years' service in the Philippines he has been stationed at Fort Monroe, Va., where he has been taking advance work preparatory to advancement in rank.

The Avalanche Office has just received a supply of plat books of Crawford county, published by W. W. Hixson & Co. of Rockford, Ill. It contains a folded-in map of Crawford county, size 14x14 inches and owner-ship maps of each and every township of the county that are about 8 inches square. These indicate the location of lakes, streams, highways, railroads, etc., and also give the names of the owners of the lands as they appeared in the office of the register of deeds of Crawford county at the time of survey, which was prepared by the State Department of geological survey. This book contains 17 maps all included in a mantle cover 11x14 inches. These plat books are on sale at the Avalanche office at 50c each. Every property owner should possess one. We surmise that the demand is going to be brisk so order yours quickly and be sure of getting it. Clarence Johnson, census enumerator, says they are just what he has been wanting. Payment must accompany all orders.

Mrs. Adler Jorgenson was hostess to several ladies at her home last Saturday evening. The evening was spent playing "500." The prizes for the game were won by Mrs. Emil Neiderer and Mrs. Charles Fehr. Refreshments served by Mrs. Jorgenson later in the evening added to the pleasure of the guests.

Mr. and Mrs. George Leonard and Mr. and Mrs. Ira Leonard of Flint spent the week end visiting relatives in Grayling. They were accompanied to Grayling by Frank Owens who visited his parents, Mr. and Mrs. Dan Owens. In their return to Flint Sunday the children of Frank Owens accompanied them. They had spent a month with their grandparents.

Mrs. Wilfred Laurant was honored at a social meeting of Grayling United American Legion Auxiliary Tuesday evening by being presented with a president's badge, together with a beautiful bouquet of roses. The roses guarded by red lighted tapers, formed the table decoration for a delicious lunch that was served. Mrs. Alfred Hanson, president, made the presentation speech at this very pleasant affair.

Last Saturday morning, Hans Petersen discovered that someone had broken into the rear window of his store and taken \$6.45 in change which he had left in the till of the cash register the previous night. Mr. Petersen said he does not know who entered the store but suspects someone who was familiar with the location. It was evidently some boys who were short of money and thought of this means to obtain it. Certain parties are under observation but as yet no definite clue has been established. Soon they hope to have the culprit so that he may be made an example of.

Mr. Soren Andraeson of Flint was a guest at the home of Mr. and Mrs. Nick Schlotz over the week end and calling on old acquaintances. The Andraeson family resided in Grayling about ten years ago and will be remembered by many who live here now. For a good many years, Mr. Andraeson was employed as setter at the Salling Hanson Company mill. Since the death of his wife, Mr. Andraeson has been making his home with his son Wilhelm and family in Flint.

Dr. Fred Poole, late associate of Dr. Lynn Harold Hough of Detroit, will conduct a round-table talk Sunday afternoon at 4:00 o'clock in the parlors of Michelson Memorial church to which are invited all church-school officers and teachers, young people's leaders and faculty members of the schools and others interested in youth problems. A pot-luck supper will be served at 6:00 o'clock for those who attend the conference, and a big meal meeting will be held in the church parlors at 7:30 p. m. Dr. Poole will give his address on "Youth Looks at the World." The entire community is urged to attend.

Rev. Greenwood of Michelson Memorial church was the principal speaker at a district meeting of the Masonic Service Commission in Charlevoix Tuesday night. Mr. Greenwood spoke on the theme "The Spirit of Free Masonry." He was accompanied by Carl W. Peterson, master of Grayling lodge, Jess Schoonover and Roy Holmberg.

Mr. and Mrs. Lipman Landberg of Ann Arbor were in Grayling for a few days visiting at the home of the latter's parents, Mr. and Mrs. David Montour and family. They returned Tuesday afternoon. Immediately upon their return to Detroit Mrs. Robinson, who is a sister of Mr. Landberg, will entertain with a dinner in their honor.

Word has been received of the death of the infant daughter of Mr. and Mrs. Harvey Palmer who reside in St. Louis, Michigan. The baby, who was named Lucille Ann, died Wednesday of last week of spinal meningitis. Mrs. Palmer who was formerly Miss Irene Osterlander formerly resided in Grayling with her parents, Mr. and Mrs. Lewis W. Osterlander.

HOUSE BADLY DAMAGED BY FIRE

Saturday evening about 8:30 o'clock the residence of J. W. Perkins, which is owned by Charles Gierke, was badly damaged by fire. Mr. and Mrs. Perkins were not at home at the time and the neighbors discovered the roof in flames. An alarm was sent in and the fire department responded quickly but the fire had gained such headway that it seemed impossible to save the house. Most of the furniture and belongings of Mr. Perkins that were on the first floor were carried out but all that was on the second floor was lost. For a time it seemed that the houses on both sides were in danger of catching on fire but by excellent work on the part of the fire department they checked the blaze and soon had it under control.

The house is badly damaged; the roof nearly all burned off; interior of the second story gutted and much damage was done to the first floor in the rear. Defective wiring was, in the opinion of some, the cause of the fire while others think that quite unlikely. We understand that Mr. Gierke expects to rebuild as soon as weather permits. Both parties were covered by insurance.

Wedded in Church

Last Monday evening the Danish Lutheran Church was finely decorated with palms, roses and carnations, in honor of the marriage of Mr. Andrew Larsen of Manistee, and Miss Sena Petersen of Grayling. Rev. C. A. Kildergaard officiating, with the impressive ritual and ring service of the church.

The bride was beautifully gowned in white, with veil and carried white carnations, and was attended by her sisters, Miss Nora, as Maid of Honor, Miss Lena, Bridesmaid, and little Nina bearing the ring in a beautiful rose. The groom in conventional black was attended by Peter Petersen brother of the bride, as best man.

The church was crowded to its utmost capacity, proving the popularity of the bride, as did also the scores of wedding gifts at her home.

A reception at the home, by the immediate families of the contracting parties followed, and the morning train bore them toward their home, awaiting them in Manistee, and bearing with them the best wishes of all our people.

Hanson-Smith

The marriage of Mr. Oscar Hanson, youngest son of Mr. and Mrs. R. Hanson of this village, and Miss Bertha Howard Smith occurred Jan. 30th at the home of the bride's parents in Chatham, Ont.

Immediately after the wedding the bride and groom left for an extended trip to the Pacific coast, visiting San Francisco, Sacramento and many points of interest in California, as well as stopping off at several interesting places en route.

On Tuesday, March 5th, they arrived in Grayling where they are planning to make their future home—and will immediately begin house-keeping in a pleasant cottage on Peninsular Ave., formerly known as the Woodworth home.

Tuesday evening, March 13th, Mr. and Mrs. R. Hanson, in honor of the young couple, tendered a reception to their friends in their beautiful and spacious home. About 200 guests were invited—the rooms were brilliantly lighted, the air was redolent with the perfume of flowers and beautiful music was discoursed throughout the entire evening—the happiness that beamed on the countenances of the receiving party was also in evidence among the guests. There was not a dull moment the whole evening.

A delicious and dainty buffet luncheon was served consisting of coffee, angel cake, fruit cake, ice cream, lady fingers and macarons.

After refreshments, the guests wended their way to the large dining room where the bride's wedding gifts were displayed.

The out of town guests were Mr. and Mrs. David Kneeland, Mr. and Mrs. Bey of Lewiston; Miss Edith Potter, of Milwaukee; Mrs. Lewis Jensen, of Gaylord; Miss Mary Woodruff, of Roscommon, and Mr. Meilstrup of Bay City.

HAPPY WOMAN TELLS HOW SHE LOST 19 POUNDS OF FAT IN 27 DAYS

During October a woman in Montana wrote: "My first bottle of Kruschen Salts lasted almost 4 weeks and during that time I lost 19 pounds of fat—Kruschen is all you claim for it—I feel better than I have for years."

Here's the recipe that banishes fat and brings into blossom all the natural attractiveness that every woman possesses.

Every morning take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast.

Be sure and do this every morning for "It's the little daily dose that takes off the fat."—Don't miss a morning. The Kruschen habit means be satisfied with results or money that every particle of poisonous back.

waste matter and harmful acids and gases are expelled from the system. At the same time the stomach, liver, kidneys and bowels are toned up and the pure, fresh blood containing Nature's six life-giving salts are carried to every organ, gland, nerve and fibre of the body and this is followed by "that Kruschen feeling" of energetic health and activity that is reflected in bright eyes, clear skin, cheerful vivacity and charming figure.

If you want to lose fat with speed get an 85c bottle of Kruschen Salts from Mac & Gidley or any live druggist anywhere in America with the distinct understanding that you must be satisfied with results or money that every particle of poisonous back.

THINK OF YOUR AUTOMOBILE IN TERMS OF TOMORROW

*Ultimate cost is as important
as first cost in the purchase
of an automobile*

WHEN you purchase an automobile you are making an investment of a considerable amount of money. It is essential, therefore, that you give careful thought to the best selection and know what you are getting for your automobile dollars.

The first cost is important because it may mean an immediate, satisfactory saving. Of equal importance is the ultimate cost after thousands of miles of service. This ultimate cost is the true measure of automobile value.

THE first cost of the new Ford is unusually low not only because of economies in manufacturing, but because the same principles that inspire these savings are extended to every other step that means greater service to the public. It is easy to see that economies in production would be of little value if they were sacrificed later through high charges for distribution, selling, financing and accessories.

The Ford dealer, therefore, does business on the same low-profit margin as the Ford Motor Company. His discount or commission is twenty-five to fifty per cent lower than that of any other automobile dealer. You gain because he makes a small profit on many sales instead of a large profit on fewer sales.

The difference in selling cost, combined with the low charges for financing and accessories, amounts to at least \$50 to \$75 on each car. This is as important as economies in production in keeping down the price you pay for the new Ford.

THE low ultimate cost of the new Ford is the result of sound design, quality of material and unusual care in manufacturing. Friction and wear are reduced by the accuracy with which each part is made and assembled.

These factors combine to decrease the cost of operation and add months and years to the useful life of the car. The good performance and low yearly depreciation of the new Ford are indicative of the enduring quality built into it at the factory.

SERVICE charges are on the same fair, economical basis as the making and selling of the car and replacement parts are always available at low prices through all Ford dealers. In two, three or five years, depending on how much you drive, the saving in operating and maintaining a new Ford will amount to even more than the saving on the first cost.

Think in terms of tomorrow, therefore, when you purchase an automobile. For tomorrow will reveal its true worth.

SAVE THE HIGHWAYS

The State Highway Department has announced the special restrictions on truck loads using certain trunk lines during the Spring months.

It is a surprising thing, but the department finds that those who make trucking their business are the first to indulge in overloading in spite of the strict watch that is maintained to prevent this practice.

The big trucking companies are constant offenders. Instead of protecting the goose that is laying the golden egg for them they seem to consider it a victory won if they succeed in shooting an overloaded truck through without getting caught.

Not only is overloading especially dangerous at this time of the year when the frost is going out of the ground and roadbeds are settling, but it is dangerous during all seasons. Our finest concrete highways are being battered to pieces by heavy freight trucks carrying excessive burdens on hard rubber tires. They do more to wear out the highways than all of the passenger traffic that moves over them. Of everybody concerned they should be the first to protect the system that builds and maintains a highway for their commerce without extra cost. They are not doing this and will have nobody to blame if a special truck tax is levied by the next legislature.

OAKLAND-PONTIAC OWNERS PROTECTED FROM LIGHT GLARE

The new Fisher non-glare windshield, set at an angle which prevents annoying and dangerous reflections from striking motorists' eyes during night driving, represents an important safety feature of the Oakland Eight and the New Series Pontiac Big Six.

This type of windshield recently was perfected by the Fisher Body Corporation after many months of intensive research and laboratory work at the General Motors Proving Ground.

After extensive experiments with light reflections on many types and designs of windshields, the Fisher engineers finally discovered that the reflections would fall safely below the driver's line of vision when the windshield was set at an angle of seven degrees.

In addition to its non-glare feature, the new windshield retains all the original advantages of unobstructed vision and scientific ventilation originally developed by Fisher. The seven degree angle has been achieved with no increase in the diameter of the front body pillars at points where the vision of the driver might be obscured.

Fisher's policy of using only flawless, carefully-selected plate glass, is of course followed in the manufacture of the new seven degree windshield for Oakland and Pontiac bodies.

GRAYLING-McBAIN ARE TOURNAMENT WINNERS

(Continued from first page)

Hillman was limited to a pair of free throws, while McBain located the loop from the field five times. The ever-dominant O'Farrell of the white-clad lofers was far less effective in the final sixteen minutes. He tossed in a pair of long and very neat field goals in the first half, only to go scoreless for the rest of the game. He kept Hillman in there fighting all the way however, and the losers deserve much credit for their showing in the tournament.

McBain, ever popular with local fans, was a deserved winner of the tournament. They played nice ball all the way through and conducted themselves in a very pleasing way both on and off the floor. They have a well rounded team and they can play fine ball. Grayling fans wish them good luck in the regional contests.

Grayling-Gaylord
Grayling gave Gaylord, the traditional rival, a very thorough trouncing in the Class C finals Saturday night. The count, when the wreckage was cleared away, was found to stand at 36 and 13, and the Northern Lights had definitely settled all doubts as to which team deserved the honors.

As a game the exhibition was not so interesting. Grayling did things too thoroughly. A devastating offense and a stubborn defense left the Northerners quite baffled. But as a third meeting of two old rivals, each with a win apiece and a backround of long continued and intense competition, the game had a decided significance. The feeling ran high and the teams fought hard; the score meant little to the boys out there on the hardwood and they never let up for a moment. Grayling is to be commended for sportsmanship in the face of overwhelming odds. The Cushman-trained team was master of things all the way through the game and played ball the like of which has been demonstrated but rarely previous to this.

The "Light" worked to perfection. They jumped into an early and commanding lead and ran the total to 25 and 8 at the half. They scored but five points in the third quarter but held Gaylord to three, and then ground out six points in the last frame to a lean two for the opposition. Grayling was never threatened, and seemed to do everything to perfection.

Criske, the fleshy forward of the Northerners, accounted for six points, and led their attack. Center Harrison of Gayling corralled eight field goals

and carried off high scoring honors. Emery helped himself to five field goals and a pair of gratis shots to rank second. To mention individuals is not strictly fair however, for the whole team contributed and the result was the product of fine team play.

Notes and Comments

It was a great tournament. For a district which came close to being discontinued the Grayling division was vastly prosperous. The gate was a third larger than that of a year ago, and the crowd that jammed into every available corner for the games of Friday night numbered close to twelve hundred.

St. Mary's of Gaylord played inspired basketball in losing to the McBain combination in their Friday night game. St. Mary's had a busy evening subduing the Grayling seconds, but the way they were going the night they were eliminated, they would have made short work of the local reserves.

McBain was a deserving champion. Coach Dehart presented a well-rounded five to the opposition, and it clearly deserved to win. Center Ardis, it is claimed, never entirely struck his stride in his local appearance though he played good ball. Forward McBain took the scoring honors.

Erickson of Lake City took the only individual cup to be offered. He was not a conspicuous player, but a steady one. He is a Senior, president of his class, captain of the basketball team for the lakesiders for three years, an all-A student, and very popular with all who knew him. He deserved the honor. Erickson turned in one of the most spectacular plays of the tournament in the game with West Branch. There was a minute and ten seconds to play and West Branch led by a point, when he was given a free throw. He missed, followed in and got the ball and sank a beautiful one-hand shot to put his team ahead with a good chance for victory. They did not manage to hold the advantage.

The best game of the tournament was the St. Mary's-McBain engagement. Grayling won too decisively to make it really interesting. The team began to click in the second half of the Lake City game and in the Gaylord fray was going at top speed. If the boys go that way in the Petoskey meet they might knock off anyone.

Curnalia turned in a nice performance in the few minutes he played against Gaylord. He scored a lift-in basket and a pair of fouls. As yet involved in two double fouls and a foul time out on his chance, Loos took his place after Art had three fouls and "Bugs" turned in a sparkling performance. Tossed with Sheehy, the defense was quite impressive.

Emery and Emily Harrison carried off high scoring honors. When one is compared the other can be seen. Just try and watch them both. Sheehy is a reliable man to have in there, and can be depended on to shoot a definite number of points per game.
